SAFETY DATA SHEET (SDS) FOR THE PRODUCT ALOE VERA OIL

1- IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY

- **Product identification** : Liquid.
- **Commercial name** : ALOE VERA OIL
- **Use** : Cosmetic industry
- **Company identification** : : BIOPROGREEN
- **Address:** N°105 Lot al Massar, route de safi 40100 Marrakesh Kingdom of MOROCCO
- **Phone number:** +212 524 335 449

• **Potential acute effects:** Slightly hazardous in case of eye contact (irritant).

• **Potential chronic effects:**

- **Carcinogenic effects:** Not available
- **Mutagenic effects:** Not available
- **Teratogenic effects:** Not available
- **Developmental toxicity:** Not available

Repeated or prolonged exposure should not worsen health condition.

2- COMPOSITION/INFORMATION ON THE COMPOSITION

The name of the substance	N° CASE	N° EINECS
Aloe Vera Oil (Aloe barbadensis)	100084-89-7	_____

3- FIRST AID

• **Eye contact:** Check and remove contact lenses. Immediately rinse eyes with running water for at least 15 minutes. Cold water may be used. Seek medical attention if irritation occurs.

• **Skin contact:** In case of contact, immediately and thoroughly rinse with water. Remove contaminated clothing and shoes. Wash clothing before reuse.

• **Significant skin contact:** Not available

• **Inhalation:** Move the person to fresh air. If not breathing, give artificial respiration. Seek medical attention.

• **Severe inhalation:** Not available

• **Ingestion:** Do not induce vomiting. Do not give anything by mouth to an unconscious person. If large quantities of this substance are ingested, call a doctor immediately. Loosen tight clothing such as collar, raven, ceinture Consult a doctor if symptoms appear.

• **Severe ingestion:** Information not available

4- FIRE FIGHTING MEASURES

- **Product flammability:** May be combustible at high temperatures.
- **Auto ignition temperature:** Not available.
- **Flash point:** Not available.
- **Flammability limits:** Not available.
- **Combustion products:** Not available.
- **Fire hazards in the presence of various substances:** Slightly flammable to flammable in the presence of open flames and sparks.
- **Exposure hazards in the presence of various substances:**
 - Exposure hazards in the presence of mechanical shock: Not available
 - Exposure hazards in the presence of electrical discharge: Not available
- **Firefighting measures**
 - Small fire: Use dry chemical powder.
 - Large fire: Use sprayed water, vaporized water, or foam. Do not use a direct stream of water.
- **Special remarks on fire hazards:** Not available.
- **Special remarks on explosion hazards:** Not available.

5- ACCIDENTAL RELEASE MEASURES

- **Small spillage:** Use the necessary tools to transfer the spilled material into a suitable recovery container. Complete the cleanup by spreading water over the contaminated surface and dispose of it according to local and regional requirements.
- **Large spillage:** Use a shovel to transfer the material into an appropriate recovery container. Complete the cleanup by spreading water over the contaminated surface and allow drainage through the sewage system.

6- MANIPULATION AND STOCKAGE

- **Precautions to ensure safe handling:** Keep away from heat and any source of ignition. Empty containers pose a fire risk; evaporate residues under a hood. Avoid inhaling dust.
Storage: Keep the container tightly closed. Store the container in a cool, well-ventilated area..

7- EXPOSURE CONTROL INDIVIDUAL PROTECTION

- **Technical controls:** Use closed systems, local exhaust ventilation, or other engineering controls to maintain atmospheric concentrations below recommended exposure limits. If product use generates dust, smoke, or mist, use adequate ventilation to keep airborne contaminant levels below the exposure limit.
- **Personal protection:** Safety glasses and lab coat.
- **Individual protection during a large spill:** Splash-resistant goggles, full protective clothing, boots, gloves. The suggested protective clothing may not be sufficient; consult a specialist BEFORE handling this product.
- **Exposure limits:** Not available

8- PHYSICAL AND CHEMICAL PROPERTIES

- **Physical state at 20°C:** liquid
- **Color:**
- **Odor:** vegetable (weak)
- **Taste:** not available
- **Molecular weight:** not available
- **pH:** No data available
- **Odor threshold:** No data available
- **Melting point / Freezing point:** No data available
- **Boiling point [°C]:** not available
- **Evaporation rate:** No data available
- **Critical temperature:** No data available
- **Vapor pressure [20°C]:** No data available
- **Vapor density:** No data available
- **Volatility:** No data available
- **Water/oil:** No data available
- **Ionicity:** No data available
- **Dispersion properties:** See solubility in water.
- **Solubility:** Soluble in cold water, hot water.

9- STABILITY AND REACTIVITY

- **Stability:** the product is stable.
- **Temperature instability:** not available
- **Conditions of instability:** not available
- **Incompatibility with various substances:** not available
- **Corrosiveness:** not available
- **Special remarks on reactivity:** not available
- **Special remarks on corrosiveness:** not available
- **Polymerization:** Will not occur.

10- TOXICOLOGICAL INFORMATION

- **Routes of entry:** Contact with eyes and ingestion.
- **Toxicity to animals:** not available
- **Chronic effects on humans:** not available
- **Other toxic effects on humans:** Not considered toxic to humans.
- **Special remarks on toxicity to animals:** not available
- **Special remarks on chronic effects on humans:** not available
- **Special remarks on other toxic effects on humans:** not available

11- ECOLOGICAL INFORMATION

- **Toxicity:** not available
- **BOD5 and COD:** not available
- **Biodegradation products:** short-term degradation products are not likely to be hazardous. However, long-term degradation products may arise.
- **Toxicity of biodegradation products:** not available
- **Special remarks on biodegradation products:** not available

12- DISPOSAL CONSIDERATIONS

Waste disposal.

13- TRANSPORT INFORMATION

- **DOT classification:** Not regulated by DOT (United States).
- **Identification:** not applicable
- **Special provisions for transport:** not applicable

14- REGULATORY INFORMATION

- **State regulations:** No product found.
- **Other regulations:** not available
- **Other classifications:**
 - SIMDUT (Canada): Not regulated under SIMDUT (Canada).
 - DSCL (EU): This product is not classified under EU legislation.
 - HMIS (U.S.A.):
 - Health hazards: 1
 - Flammability: 1
 - Reactivity: 0
 - Personal protection: a

- **National Fire Protection Association (U.S.A.):**

Health: 1
Flammability: 1
Reactivity: 0
Specific hazard:

- **Personal protective equipment: laboratory coat, safety goggles**

15- OTHER INFORMATION

The content and format of this safety data sheet comply with REGULATION (EC) No 1907/2006. The information contained in this sheet is from sources we believe to be reliable. However, it is provided without any warranty, express or implied, as to its accuracy. The conditions or methods of handling, storage, use, or disposal of the product are beyond our control and may not be within our expertise. It is for these reasons, among others, that we disclaim any liability for loss, damage, or expense incurred or related in any way to the handling, storage, use, or disposal of the product. This SDS was prepared and should be used only for this product. If the product is used as a component of another product, the information therein may not be applicable.
